President & CEO Message

Dear Member,

The votes are in! Winchester Federal Credit Union voted on May 3rd to join Members Plus Credit Union (MPCU), and on May 23rd, Members Plus voted to approve the merger. The final paperwork is in the hands of the regulators, and we await their final approval of the merger.

I am confident that our combined resources will offer a greater membership network, services, and access to new branch locations to our memberships. We will make sure that during the transition, nothing is lost, focusing on providing the exceptional member service that both memberships have come to rely on, know, and trust. MPCU is growing, and with that growth comes an added location, an expanded membership network, and a wider community reach.

Our new Winchester members will have access to a full suite of new online services, products, and 5 new branch locations, as well as the robust CO-OP Shared Branching network so that you can bank anywhere – with access to over 5,600 shared branching locations and access to over 30,000 ATMs nationwide. We are very excited to welcome you. We are especially excited to welcome Rick, Patty and Alice into our team here at MPCU!

Our teams are working diligently to make this transition as seamless as possible, and we will continue to keep you apprised with further updates, and the official and operational merger dates as we know them. We are excited about the opportunity to deliver additional value to our combined membership!

Sincerely,

John J. Murphy
President and CEO
