

March 2024

## Message from the President & CEO

Dear Member,

I am thrilled to announce that **coming soon** we will have a newly updated fraud alert system for our Credit Card Holders. Your safety is our top priority, and these enhancements represent our commitment to ensuring a secure financial environment for all.

This improved alert system is designed to provide quicker and more effective notifications of any suspected fraud on your account, including alerts via email, SMS, and digital voice calls. By leveraging the latest technology, we will be able to respond promptly to any potential fraud incidents. You will be able to communicate with us in real time, to respond to any alerts quickly!

**Please** ensure we have your most current contact information so that you can fully participate in this new system. You can also check out our [Fraud Resources](#) page for further information to keep yourself informed.

Together, we can continue to foster a culture of safety and vigilance within Members Plus against fraud, protecting you and your money.

Sincerely,  
**John J. Murphy**  
President & CEO
