Message from the President & CEO

Dear Member,

In 2024, we navigated a landscape filled with both unique challenges and thrilling opportunities, emerging stronger and wiser together. Whether you've been a treasured part of the Members Plus family for years or have just joined us on this journey, we deeply appreciate your loyalty and the trust you place in us.

The holiday season is a time for reflection, gratitude, and embracing the spirit of giving. It's a moment to gather with loved ones and extend kindness and generosity to those in need. At Members Plus, we hold two core beliefs close to our hearts: prioritizing your financial well-being and championing the power of community support.

I am delighted to announce that we have upheld these values this year, and it's all thanks to you. Your steadfast trust empowers us to make a meaningful impact in our community.

As the holidays approach, I want to express my heartfelt gratitude for your partnership and extend my warmest holiday wishes. On behalf of our Board of Directors, management team, and our exceptional staff, we wish you a joyous holiday season and a new year filled with health, prosperity, and peace!

Sincerely,
John J. Murphy
President & CEO

Holiday Tree Lightings

Medford, Everett and Plymouth all participated in their community Christmas Tree Lightings! Our staff are thrilled to share the holiday spirit with their communities.

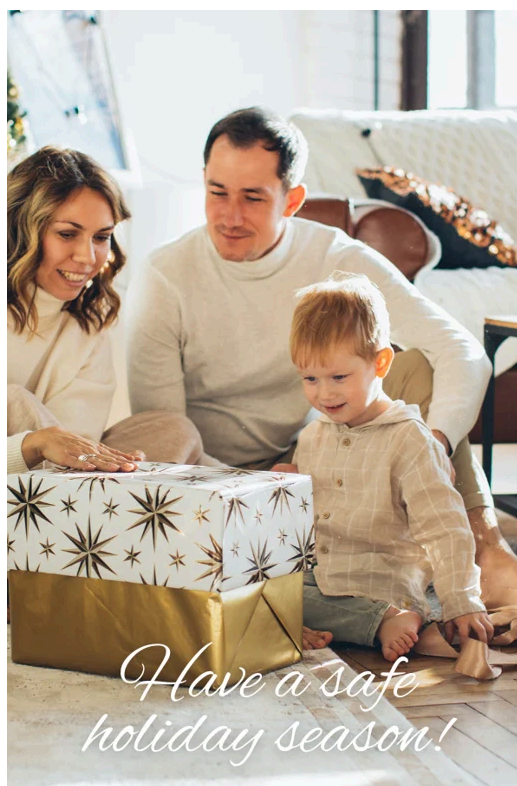

Holiday Toy Drive

The MPCU community participated in the annual Toy Drive again, donating to Mass BADGE, Toys for Tots, and more! We want to extend a HUGE thank you to our members and supporters for all the donated toys. With your help, we donated many toys to families in time for the holidays, sharing joy and fun around! Thank you for your incredible support!

Reduce Fraud this Holiday Season with These Tips

During the holiday season, consumers are more susceptible to various forms of fraud. The best way to reduce fraud is to understand red flags and stay a step ahead of scammer. The most common form of fraud found in the banking industry is a result of social engineering: this is when a fraudster impersonates your financial institution to trick you into sharing their account credentials, which are then later used for account takeover.
