

IMPORTANT MEMBER UPDATE

CO-OP ATM & SHARED BRANCHING SERVICES **ENDING**

Beginning January 1, 2027, CO-OP ATM and Shared Branching services will no longer be available at Members Plus Credit Union branch locations.

We understand that many members have valued the convenience of CO-OP Shared Branching and ATM access, and we recognize that this change may require some members to adjust how they access services.

Our commitment to serving members remains unchanged. We continue to invest in new services and digital capabilities designed to expand access, improve convenience, and enhance the overall member experience. We look forward to sharing more updates in the future.

Thank you for your continued trust and membership. If you have questions or would like additional information, please contact feedback@memberspluscu.org.

Sincerely,
Members Plus Credit Union
